HyLum 360 – Hybrid LED rechargeable lamp

Product features

Flexibility meets power output: this innovative hybrid LED battery-powered light offers maximum versatility for demanding applications. Thanks to its intelligent multi-rechargeable battery system, it is compatible with various battery types, ensuring an uninterrupted electric power supply.

- Hybrid operation with multiple rechargeable battery systems for maximum operational flexibility
- Powerful LED lighting – bright, efficient light for optimum illumination
- Robust design – durable casing/housing for use in challenging environments
- Ergonomic and mobil – easy to transport and simple to operate

Suitable for indoor and outdoor use

Ideal for building sites, Workshops and mobile applications.

Battery adapter (optional) (accessories)

Technical Data

LED power	60 W
Operating voltage	220-240 VAC (50/60 Hz) via connection cable, 18 VDC via rechargeable battery
Feed-in cable	3 m H07RN-F 2x1 mm²
Mains connection	– Plug contour (standard) – Fixed adapter D-CH recommended Item no. 012146 (accessories)
Light output	7'200 lm
CRI	Ra >80
Luminous period	– approx. 1,3 h (100% light output, 360°, 5 Ah rechargeable battery) – approx. 2,8 h (50% light output, 360°, 5 Ah rechargeable battery) – approx. 5,5 h (25% light output, 360°, 5 Ah rechargeable battery)
Light colours	4'000 K
Operating range of temperature	-20° to +40°C
Material housing	plastic
Protection category	IP65
Impact resistance	IK08
Protection class	II
Weight	3.65 kg
Dimensions W×H×D	215×533×210 mm
Included Standard battery adapter (18 V)	Makita, Bosch Professional, Dewalt/Milwaukee
Optional battery adapters (18 V)	Einhell, Metabo, Flex, Hikoki, Stanley, Festool

Assortment

		CHF
841149	HyLum 360 rechargeable LED luminaire, 4'000 K, 60 W/18 VDC, 7'200 lm, IP65, including a 3 m connection cable and 3 battery adaptors for Bosch, Makita, Dewalt/Milwaukee	189.00
